

Allegheny National Forest Centennial 1923-2023

Recovery to Resilience - Commemorating 100 years of Growth!

Allegheny National Forest Centennial GeoTrail Passport

September 24, 2023, marks 100 years since the establishment of the Allegheny National Forest. To commemorate this historic milestone, the ANF Centennial Geocache trail has been established to provide an opportunity to connect the American public to the outdoors, encourage families to explore the national forest, and provide educational and recreational opportunities for users of the trail. We encourage you to join the fun, enjoy the adventure, and learn more about your national forest while respecting and protecting our natural resources! The Allegheny National Forest includes land in four Pennsylvania counties (Elk, Forest, McKean, and Warren Counties).

ANF CENTENNIAL GEOTRAIL RULES

All geocaches are officially published on www.geocaching.com. Participants will need to be registered on geocaching.com to retrieve the coordinates and other location information. Registration on geocaching.com is free. Before setting out to find the ANF Centennial GeoTrail caches, you will need an official passport document. Passports are free and can be obtained at any of the listed Allegheny National Forest Office locations or by downloading

and printing the passport document from the website www.pennsoil.org

There will be a total of 28 ANF Centennial Geocaches placed throughout the Allegheny National Forest. In order to complete the GeoTrail, you must find at least 5 ANF Centennial Geocaches in each of the four counties which include part of the Allegheny National Forest. Each cache will contain a unique laminated code word to be found on the logbook, to be written in your passport as proof of finding the cache. Please remember to write the code word on your passport before or after signing the logbook, and return it to the cache container when finished. The next person who finds the cache is also going to need it! Please remember to also log your find on geocaching.com after you find the cache and tell us about your adventure or anything that you found interesting during your visit. Please post pictures of your visit to the Allegheny National Forest as well with your log or on social media sites.

Once a geocacher successfully finds a total of 20 ANF Centennial geocaches including at least 5 in each of the four counties and documents the code words on their passport, they are eligible to receive a free ANF Centennial Souvenir Token trackable on geocaching.com or an ANF Centennial commemorative coaster while the supplies last. Presentation of the passport with a minimum of 20 validated caches from the ANF Centennial GeoTrail must be presented at one of the three offices of the Allegheny National Forest where the passport will be stamped and the trackable souvenir tag or coaster will be awarded. The passport is the property of the geocacher, to retain as a keepsake after the redemption process. Only one passport may be redeemed per registered geocacher identity on www.geocaching.com.

Passports may be redeemed in person at the following Allegheny National Forest office locations on Monday through Friday:

ANF Supervisor's Office,	4 Farm Colony Drive, Warren, PA 16365	814-723-5150	Hours: 8:30-12:00, 12:30-4:00
Bradford Ranger District,	29 Forest Service Drive, Bradford, PA 16701	814-362-4613	Hours: 8:30-12:00, 12:30-4:00
Marienville Ranger District,	131 Smokey Lane, Marienville, PA 16239	814-927-6628	Hours: 8:30-1:00, 1:30-4:00

Note: We suggest calling in advance to check office hours as they may change during summer season.
